Water Systems**

Suburban Water Systems 2022 Annual Water Quality Report Available Online

Every year Suburban Water Systems provides a water quality report, called a Consumer Confidence Report, to its customers. This report outlines in detail how the water delivered to your home or business compares to federal and state drinking water standards. We are proud to report that again Suburban's water meets or exceeds all standards. The report will be available for viewing and download at the following internet web pages depending on the city you live in. **Viewing the report is completely optional and at the customers discretion.**

System 1

Covina
